Thrilling Thursday

WFS was honored with visitors that came to speak about their occupations on Thursday 10/22. Our visitors included the Mayor of Goddard, Marcey Gregory, Officers Ben Blick and Tim Reynolds, and Firefighters Mark Chairs, Billy Chaffin, and Mikah Fisher, and Geologist Tom McElroy.

Thank you!

What a blessing to be a part of such a great community! Everyone was so great to wish me a happy birthday. Many of you have expressed your care and concern about the incident with the dog bite. The most special thing for me has been the love demonstrated by the children. So many have given me loving hugs, words of true sympathy and wonderful birthday wishes. I have been deeply touched. It speaks so highly of the training they are receiving at home and

Pumpkin Patch All- School Field Trip & Harvest Party

Next Friday, October 30th WFS will go to the Applejack Pumpkin Patch in Augusta and have a Harvest Party afterwards. Please check with your child's teacher about signing up to bring an item for the Harvest Party.

Correction

In a previous issue the funds from Red Wheel were listed as being designated to upgrading playground equipment. The funds for this school year will actually be designated to technology upgrades. Sorry about the mix up!

SCIENCE FAIR!

ON TUESDAY THE 4TH, 5TH, AND 6TH GRADE CLASS PUT ON THEIR SCIENCE FAIR SHOW. IT WAS VERY EXCITING. THE STUDENTS GOT TO SEE EXPERIMENTS IN CHEMISTRY. RACHEL DEMONSTRATED HOW TO MIX WATER, CHALK, AND OIL TO MAKE MARBLED PAPER. SHE ALSO SHOWED HOW DRY ICE RELEASED CARBON DIOXIDE WHEN HOT WATER WAS POURED ON IT. SAM WOWED THE KIDS WITH POP ROCKS. SHE MIXED THEM WITH WATER THEN ADDED CITRIC ACID AND BAKING SODA. THE KIDS ENJOYED SEEING IT FIZZ OUT OF CONTROL. SAMMY EXPLAINED HOW HE MADE A ROPE OF SALT CRYSTALS OUT OF SALT WATER AND STRING. BLAISE PUT MENTOS INTO DIET COKE AND HIS VOLCANO ERUPTED ABOUT THREE FEET INTO THE AIR. SETH SOAKED EGGS IN VINEGAR OVERNIGHT. THE SHELLS DISSOLVED AND HE COULD BOUNCE THE EGGS ON THE TABLE. TAYLIE MIXED WATER, BORAX, FOOD COLORING, AND GLUE TO MAKE GREEN SLIME. SHE WILL SHOW THE THREE YEAR OLD CLASS HOW TO MAKE THIS NEXT WEEK. SHAWN USED LEMON JUICE TO WRITE A MESSAGE ON PAPER. THE WRITING APPEARS WHEN IT IS HEATED UP. EVERYONE HAD A LOT OF FUN LEARNING AND PERFORMING EXPERIMENTS. LOOK FOR OUR NEXT SCIENCE FAIR SHOW IN THE SPRING.
